

1.6 Using the Mouse

Point and click on the Mouse Tutorial Icon

Press the *Enter* key

The following screen should appear

Point and click on the Maximize Button (so that the Tutorial fills the entire screen)

Read the information on the screen and then press the *Enter* Key. Begin the tutorial. Follow the directions to complete the tutorial and "mousercise" program. When finished point and click on the Close Button to close the tutorial. (the URL for the tutorial is <http://www.pbclibrary.org/mousing/> if you want to try it from home)

Log Off and Shutdown the system (see page 1.5) on your own
